## Student Handbook

Kindergarten - Twelfth Grade  
2017 - 2018

The District Action Planning and Problem Solving Team (DAPPS Team) was established in a partnership with the University of South Florida and the Florida PSRTI Project. The name of the system for analyzing, remediating and seeking long term solutions for student learning problems both behavior and academic has changed to a Multi-tiered System of Supports which used the 8-step problem solving process to guide the work. After a thorough review of district data and meeting with focus groups of teachers for input, the committee set about implementing its first goal based on the findings generated through the process. This goal was to establish a District-Wide Behavior System that would engage all stakeholders. The effort received affirmation when the Strategic Planning Committee established as its first goal “Improving District Climate and Culture.” This need expanded to improving student behavior, enhancing working conditions, and developing mutually supportive collaborative professional relationships among all stakeholders. The DAPPS team consulted multiple resources to create the behavior system and also talked to experts in the field. The System is comprised of the following:

- Behavior goals for students, teachers, parents, administrators and district staff as well as community visitors such as volunteers, consultants etc,
  - Comprehensive list of consequences for inappropriate behavior
  - Delineation of Office Managed vs. Teacher Managed Behaviors
  - Comprehensive List of Interventions to Develop Positive Behaviors
  - Coordinated List of Resources for teachers and parents.
  - Lesson Plans to accompany each area of the student behavior plan to create a common understanding of what is expected.
  - Comprehensive List of Rewards for Appropriate Behaviors
- 
- **Goal Area 1.1** – All students will be supported in recognizing and developing their own social, emotional, ethical, civic and intellectual capacities and dispositions.
  - **Goal Area 1.2** – Promote the development of local/school-based decision-making in alignment with district level plans that result in measurable improvements in all aspects of the district.
  - **Goal Area 1.3** – Create a culture in which stakeholders feel that they are valued and intrinsically motivated to perform at a high level of accountability

If there is not another school in the District offering instruction at the student's grade level(s) that has not been identified as needing improvement, the Superintendent shall contact the neighboring counties and request that they permit students to transfer to a school in one of those counties. If a transfer within the District is not possible, the Superintendent will offer Supplemental Educational Services (SES). Additionally, students attending a "persistently dangerous" school, as defined by State law, have the right to transfer to another "safe" school in the District. If there is not another "safe" school in the District providing instruction at the student's grade level(s), the Superintendent shall contact neighboring counties and request that they permit students to transfer to a school in one of those counties.

Furthermore, a student who is a victim of a "violent crime" on school property also has the right to transfer to another school. If there is not another school in the District providing instruction at the student's grade level, the Superintendent shall contact neighboring counties and request that they permit that student to transfer to a school in one of those counties providing instruction at the student's grade level.

Students may be subject to discipline for violation of the Code of Conduct/Student Discipline Code even if that conduct occurs on property not owned or controlled by the Board but that is connected to activities or incidents that have occurred on property owned or controlled by the Board, or conduct that, regardless of where it occurs, is directed at a Board official or employee, or the property of such official or employee. The School Board has zero tolerance for conduct that poses a serious threat to school safety.

## **WAYS TO RECOGNIZE STUDENTS FOR MODEL BEHAVIOR**

\*[See Appendix C](#)

## **DRUG PREVENTION**

The School Board has a policy of zero tolerance for drugs and alcohol and recognizes that the misuse of drugs is a serious problem with legal, physical, and social implications for the whole school community.

For purposes of this policy, "drugs" shall mean:

- A. all dangerous controlled substances as so designated and prohibited by Florida statute;
- B. all chemicals which release toxic vapors;
- C. all alcoholic beverages;
- D. any prescription or patent drug, except those for which permission to use in school has been granted pursuant to Board policy;
- E. anabolic steroids
- F. any substance that is a "look-alike" to any of the above.

The Board prohibits the use, possession, concealment, or distribution of any drug or any drug-related paraphernalia as the term is defined by law, or the misuse of a product containing a substance that can provide an intoxicating or mood-altering effect on school grounds, on school vehicles, and/or at any school-sponsored event.

A drug-free zone is within 1000 feet of any facility used by the District for educational purposes.

The Superintendent and staff shall prepare procedures for the identification, amelioration, and regulation of drug use in the schools.

## **CIVIL CITATION**

In lieu of an arrest, a student under the age of 18 charged with certain misdemeanors with no prior felony arrests and only one (or no) prior misdemeanor arrest may receive a Civil Citation. The student must accept responsibility for his/her actions and agree to participate in the program. The parent or guardian must agree to allow the student to participate in the program and sign the citation. Community Service hours along with character education classes will be assigned.

## **SANCTIONS**

Students found to be in violation of the offenses as defined in the Code of Student Conduct may be suspended from participation in extra-curricular activities for a period of time which, in the opinion of the principal, is justified. Students arrested or charged for "off campus" matters which would have been an offense or a major offense had it occurred on a campus, may be suspended from extracurricular activities or excluded from school.

Students suspended from participation shall not be permitted to participate in any event-related activities, dress out for the event, practice with the group, or travel to the event with the team or group. An event is defined as a game, activity, or contest. A tournament experience is considered to be a single event, even though the tournament consists of more than one game, activity or contest.

## **REMOVAL, SUSPENSION, AND EXPULSION OF STUDENTS**

The School Board recognizes that exclusion from the educational program of the schools, whether by emergency removal, suspension, or expulsion, is the most severe sanction that can be imposed on a student in this District, and one that cannot be imposed without due process.

For purposes of this policy and the Superintendent's administrative procedures, the following shall apply:

- A. "Emergency removal" shall be the exclusion of a student who poses a continuing danger to District property or persons in the District or whose behavior presents an on-going threat of disrupting the educational process provided by the district.
- B. "Suspension" shall be the temporary exclusion of a student from the District's program for a period up to ten days.
- C. "Expulsion" shall be the exclusion of a student from the schools of the District for the number of school days remaining in a semester or term in which the incident that gives rise to the expulsion takes place and up to one additional school year.

## **SUSPENSION FROM SCHOOL OR FROM RIDING THE SCHOOL BUS**

- A. When a student's actions are disruptive to himself/herself or to the school as to violate law, Board policies, or school rules, the student may be suspended by the principal or designated representative. Suspension dictates that the student shall not be allowed to attend his/her regular classes or school-sponsored activities for a prescribed number of days not to exceed ten. The principal or designated representative may refer the student during the period of the suspension to in-school suspension, a center for special counseling or shall remand the student to the custody of his/her parent or guardian. Prior to suspending a student, except in emergencies, the principal or designee shall make an effort to employ parental assistance or alternative methods of dealing with the student and shall document such efforts.
- B. In no case shall a teacher suspend a student from school or class, nor shall a bus driver suspend a student from riding a school bus.
- C. Prompt notice of a suspension shall be given by telephone to the student's parent or guardian, if possible. Formal written notification to the student's parent or guardian and the Superintendent shall be initiated within 24 hours of the time the student is informed of the suspension.

- D. Except in the event of emergencies or disruptive conditions which require immediate suspension or in the case of a serious breach of conduct that is defined as willful disobedience, open defiance of authority of a member of the school staff, violence against persons or property, or any other act which substantially disrupts the orderly conduct of the school, all out-of-school suspensions shall not begin prior to the beginning of the next school day following the infraction unless the parents or guardians have been notified.
- E. Prior to the suspension, the student shall be given an informal and impartial hearing before the principal or designee and shall be informed of the charge(s) against him/her which may result in suspension. If the student denies the charge(s), s/he shall be given an explanation of the evidence, and an opportunity to present his/her version of the case, and notification of the action taken by the principal or designee. In cases of extremely disruptive or dangerous behavior persons or groups involved may be immediately suspended and ejected from the school campus without the necessity of a prior hearing. In such instances, each student shall be afforded an informal hearing before the principal or designee prior to the expiration of the third day of suspension.
- F. The principal, or designated representative, may suspend a student from school and/or from riding the school bus for a period not to exceed ten school days.
- G. When Board action on a recommendation for the expulsion of a student is pending, the Superintendent may extend the suspension assigned by the principal beyond ten school days if such suspension expires before the next regular or special meeting of the Board.
- H. In the case of students in exceptional education classes, please refer to the Procedure Manual for Exceptional Student Education.

## **EXPULSION**

- A. A principal may recommend to the Superintendent the expulsion of a student. The principal shall provide the Superintendent an adequate history of the student's actions and alternative measures taken relevant to the recommendation. When the Superintendent makes a recommendation for expulsion to the Board, written notice shall be given to the student and his/her parent or guardian of the recommendation setting forth the charges against the student and advising the student and his/her parent or guardian of their right of due process.
- B. Expulsion is the removal of the right and obligation of a student to attend a public school for a period of time and under conditions set by the Board not to exceed the remainder of the term or school year and one additional year of attendance.

- C. For students in exceptional student education, please refer to the Procedure Manual for Exceptional Student Education.

The Board also authorizes the Superintendent to suspend a student from any or all co-curricular or extra-curricular activities for violations of the Student Code of Conduct. The length of suspension shall be in accordance with the Code.

If the Superintendent determines that a student's behavior on a school vehicle violates school rules, he/she may suspend the student from school bus-riding privileges for the length of time deemed appropriate for the violation and remediation of the behavior. Any such suspension must comply with due process and the Superintendent's procedures for suspension and expulsion.

The Superintendent may provide for options to suspension/expulsion of a student from school which may include alternative educational options.

A student who has been suspended or expelled by another district temporarily may be denied admission to the District's schools during the period of suspension or expulsion even if that student would otherwise be entitled to attend school with the District.

The Board designates the Superintendent as its representative at all hearings regarding the appeal of a suspension. The Board will hear the appeal of an expulsion.

#### **ALTERNATIVE TO OUT-OF-SCHOOL SUSPENSION (AOSS) FOR GRADES 6-12**

The design of this program provides a viable option to ensure that students who are given an out-of-school suspension shall continue to receive academic support while they are away from their schools. Upon return to school, they shall be able to make up any work missed to help maintain their academic standing. Students who attend and meet the requirements for AOSS shall not be considered absent and shall not receive any grade penalty.

#### **SEARCH AND SEIZURE**

The School Board recognizes that the privacy of students or their belongings may not be violated by unreasonable search and seizure and directs that no student be searched without reasonable suspicion or in an unreasonable manner.

The Board acknowledges the need for in-school storage of student possessions and shall provide storage places, including desks and lockers, for that purpose. Such spaces remain the property of the Board and, in accordance with law, may be the subject of random search. Where locks are provided for such places, students may lock them against incursion by other students, but in no such places shall students have such an expectation of privacy as to prevent examination by a school official. The Board directs the school principals to conduct a routine inspection at least annually of all such storage places.

School authorities are charged with the responsibility of safeguarding the safety and well-being of the students in their care. In the discharge of that responsibility, school authorities may search the person or property, including vehicles, of a student, with or without the student's consent, whenever they reasonably

suspect that the search is required to discover evidence of a violation of law or of school rules. The extent of the search will be governed by the seriousness of the alleged infraction and the student's age.

Administrators are permitted to conduct a random search of any student's locker and its contents at any time, providing proper notice has been posted in the locker areas of each building.

Search of a student's person or intimate personal belongings shall be conducted by a person of the student's gender, in the presence of another staff member of the same gender, and only in exceptional circumstances when the health or safety of the student or of others is immediately threatened.

Administrators are authorized to arrange for the use of a breath-test instrument for the purpose of determining if a student has consumed an alcoholic beverage. It is not necessary for the test to determine blood-alcohol level, since the Board has established a zero tolerance for alcohol use.

The Board also authorizes the use of canines, trained in detecting the presence of drugs or devices, when the Superintendent has reasonable suspicion that illegal drugs or devices may be present in a school. This means of detection shall be used only to determine the presence of drugs in locker areas and other places on school property where such substances could be concealed. Canine detection must be conducted in collaboration with law enforcement authorities or with organizations certified in canine detection and is not to be used to search individual students unless a warrant has been obtained prior to the search.

Except as provided below, a request for the search of a student or a student's possessions will be directed to the principal who shall seek the freely offered consent of the student to the inspection. Whenever possible, a search will be conducted by the principal in the presence of the student and a staff member other than the principal. A search prompted by the reasonable belief that health and safety are immediately threatened will be conducted with as much speed and dispatch as may be required to protect persons and property.

The principal shall be responsible for the prompt recording in writing of each student search, including the reasons for the search; information received that established the need for the search and the name of informant, if any; the persons present when the search was conducted; any substances or objects found; and the disposition made of them. The principal shall be responsible for the custody, control, and disposition of any illegal or dangerous substance or object taken from a student.

#### **STUDENTS HAVE THE RIGHT:**

- to privacy and shall be free from unreasonable search as well as seizure of personal property. These rights shall prevail unless there is reason to believe that it is necessary to set them aside to protect the safety, health and property of the school, students and staff;
- of privacy of their personal possessions unless there is reason on the part of the principal or his or her designee to believe that the student is concealing a weapon, illegal drugs or other material that is inappropriate dangerous to himself or herself, others or property;
- to be given prior notification of any searches unless in case of emergency.

#### **STUDENTS HAVE THE RESPONSIBILITY:**

- to not carry, possess or conceal any material that is prohibited by law;
- to accept the consequences for their actions in cases where unlawful materials are found in their possession or in their lockers.

### **SEARCH IN SCHOOL BUILDINGS OR ON SCHOOL PROPERTY BY SCHOOL ADMINISTRATORS:**

The school administration retains control over lockers and desk space loaned to students and regulates admission and parking of automobiles on school grounds. School principals, therefore, have the right and duty to inspect and search students' lockers, desks, students' or non-students' automobiles if the principal reasonably suspects, upon information received from law enforcement or otherwise, that drugs, weapons, dangerous, illegal, or prohibited matter, or such stolen goods are likely to be found in the student's possession. The principal does so in exercise of the school's duty to enforce school discipline and to protect the health and safety of the student and/or the student body. The fruits of such search may be turned over to law enforcement for inspection or examination and may be the subject of criminal or juvenile court prosecution or of school disciplinary proceedings.

### **BY LAW ENFORCEMENT AT REQUEST OF SCHOOL AUTHORITIES:**

Administrative — If public health or safety is involved, upon request of a school principal who shall be present, law enforcement officers may make a general search for drugs, weapons or items of an illegal or prohibited nature, of students' lockers and desks or students' or non-students' automobiles.

### **BY LAW ENFORCEMENT OFFICER WITHOUT REQUEST OF SCHOOL AUTHORITIES:**

Normally, law enforcement officers may not search students' lockers, desks or automobiles unless they have a search warrant and may not search a student's person in school unless the student is under arrest. However, there are specific exceptions contained in Florida Statute (probable cause or stop and frisk).

### **INTERVIEWS IN SCHOOLS FOR INVESTIGATIVE PURPOSES BY SCHOOL ADMINISTRATORS OR DESIGNEE:**

The principal or designee will make a reasonable effort to notify a parent/guardian before allowing social service staff members to interview a child at school unless prohibited by law. The interview may proceed prior to notification of the parent or guardian if (a) the situation is determined to require prompt action, (b) the situation is determined to be of a serious nature, or (c) the attempt to contact has been unsuccessful. The parent or guardian will be notified if their child has been interviewed by law enforcement and/or social services on school premises, except where prohibited by law.
2. For emergency situations where the safety and well being of the school community is threatened, law enforcement may interview/interrogate a student prior to notifying a parent/guardian.

1. The law enforcement officer shall request the principal or designee to produce the student or employee to be served.

Any student or student's parent/guardian who believes s/he has been or is the victim of bullying or harassment should immediately report the situation to the school principal. The student may also report concerns to teachers and other school staff who will be responsible for notifying the appropriate administrator. Complaints against an employee should be reported to their supervisor. All reports should be filed as soon as possible and may be filed up to ninety days after the last alleged act of bullying occurred.

All other members of the school community, including students, parents, volunteers, and visitors, are encouraged to report any act that may be a violation of this policy.

Written and oral reports shall be considered official reports. Reports may be made anonymously. Reports may be delivered to the front office at each school. A reporting form can be found at [Keysschools.com](http://Keysschools.com) Formal disciplinary action may not be based solely on the basis of an anonymous report.

## **PROCEDURE FOR INVESTIGATION**

All complaints about bullying and/or harassment that may violate this policy shall be promptly investigated by an individual, designated by the principal, who is trained in investigative procedures. Documented interviews of the victim, alleged perpetrator, and witnesses shall be conducted privately and shall be confidential.

Reasonable effort shall be made to respond expeditiously to all reports of bullying. A maximum of 10 school days shall be the limit for the initial filing of incidents and completion of the investigative procedural steps. The highest level of confidentiality possible shall be provided regarding the submission of a complaint or a report of bullying and/or harassment and for the investigative procedures that are employed.

## **SCOPE**

The investigator will provide a report on the results of the investigation with recommendations for the principal to make a determination if an act of bullying or harassment falls within the scope of District authority. If the action is within the scope of the District, District procedures for investigating bullying and/or harassment shall be followed. If the action is outside the scope of the District, and believed to be a criminal act, the action shall be referred to the appropriate law enforcement agency. If the action is outside the scope of the District and believed not a criminal act, the principal shall inform parents/guardians of all students. Notification shall be by telephone or by personal conference and in writing and shall be consistent with the student privacy rights under applicable provisions of the Family Educational Rights and Privacy Act of 1974 (FERPA). The notice shall advise the individuals involved of their respective due process rights including the right to appeal any resulting determination or action to the State Board of Education.

If the bullying incident results in the perpetrator being charged with a crime, the principal shall inform the parent/guardian of the identified victim(s) involved in the bullying incident about the Unsafe Schools Choice Option.

Upon the completion of the investigation and if criminal charges are to be pursued against the perpetrator, the appropriate law enforcement agencies shall be notified by telephone and/or in writing.

According to the level of infraction, the victim's parents will be notified by telephone and/or in writing of actions being taken to protect the child; the frequency of notification will depend on the seriousness of the bullying or harassment incident.

## **SEXUAL HARASSMENT**

Pursuant to Title VII of the Civil Rights Act of 1964 and Title IX of the Educational Amendments of 1972, "sexual harassment" is defined as:

Unwelcome sexual advances, requests for sexual favors, and other verbal or physical conduct of a sexual nature, when:

- A. retaliating against a person who has made a report or filed a complaint alleging harassment, or who has participated as a witness in a harassment investigation;
- B. filing a malicious or knowingly false report or complaint of harassment;
- C. disregarding, failing to investigate adequately, or delaying investigation of allegations of harassment, when responsibility for reporting and/or investigating harassment charges comprises part of one's supervisory duties.

Sexual harassment may involve the behavior of a person of either gender against a person of the same or opposite gender.

Prohibited acts that constitute sexual harassment may take a variety of forms. Examples of the kinds of conduct that may constitute sexual harassment include, but are not limited to:

- A. submission to such a conduct is made either implicitly or explicitly a term or condition of an individual's employment, or status in a class, educational program or activity;
- B. submission or rejection of such conduct by an individual is used as the basis for employment or educational decisions affecting such individual;
- C. such conduct has the purpose or effect of interfering with the individual's work or educational performance;
- D. of creating an intimidating, hostile, or offensive working and/or learning environment;
- E. of interfering with one's ability to participate in or benefit from a class or an educational program or activity.

Not all behavior with sexual connotations constitutes unlawful sexual harassment. Conduct must be sufficiently severe, pervasive, and persistent such that it adversely affects an individual's employment or education, or such that it creates a hostile or abusive employment or educational environment.

**NOTE: Any teacher, administrator, coach, or other school authority who engages in sexual conduct with a student may also be guilty of the criminal charge of "sexual battery". The issue of consent is irrelevant in regard to such criminal charge.**

## **REPORTS AND COMPLAINTS OF HARASSING CONDUCT**

Members of the School District community and third parties are encouraged to promptly report incidents of harassing conduct to an administrator, supervisor, or other School District official so that the Board may address the conduct before it becomes severe, pervasive, or persistent.

Members of the School District community or third parties who believe they have been unlawfully harassed by another member of the School District community or a third party are entitled to utilize the Board's informal and/or formal investigation and complaint processes. Initiating a complaint, whether formally or informally, will not adversely affect the complaining individual's employment or participation in educational or extra-curricular programs. While there are no time limits for initiating complaints of harassment under this policy, individuals should make every effort to file an informal or a formal complaint as soon as possible after the conduct occurs while the facts are known and potential witnesses are available.

## **FOR THE FORMAL PROCESS FOR ADDRESSING COMPLAINTS OF HARASSMENT PLEASE SEE THE SCHOOL BOARD POLICIES**

The administrative procedures will also include a formal complaint process. While the formal complaint process may serve as the first step to resolution of a charge of unlawful harassment, it is also available in those circumstances when the informal complaint process fails to satisfactorily resolve a concern. Because of the need for flexibility, no specific time lines are established for initiating the formal complaint process; however, once the formal complaint process is begun, the investigation will be completed in a timely manner (ordinarily, within 31) calendar days of the complaint being received).

Although not required, members of the School District community or third parties who feel they have been unlawfully harassed should file a formal written complaint with the principal of their school building or with one of the compliance officers identified in the administrative procedures. Oral complaints of harassment will be reduced to writing by the individual receiving the complaint and the complainant will be asked to verify the accuracy of the reported charge by signing the document. Complaints received by a school building principal will be immediately reported to the appropriate district official identified in the administrative procedures.

After a complaint is filed, the designee shall conduct a prompt and timely investigation. The investigation may include interviews of the complainant, the individual accused of engaging in harassing behavior, and any other witness who may reasonably be expected to have information relevant to the situation. All interviewed parties and witnesses will be provided an opportunity to present any evidence that they reasonably believe to be relevant to the situation.

At the conclusion of the investigation the designee will prepare and deliver to the Superintendent a written report summarizing the evidence gathered during the investigation and providing his/her recommendations regarding whether or not the complaint of unlawful harassment has been substantiated. The written report must be based on the totality of the circumstances involved in the complaint, the nature of the alleged conduct, the context in which the alleged conduct occurred, and the ages and maturity of the individuals involved.

A copy of the written report will also be delivered to the member of the School District community or third party making the complaint and the individual accused of the harassing conduct.

Upon review of the written report the Superintendent will either issue a final decision regarding whether or not the complaint of unlawful harassment was substantiated, or request that further investigation be conducted. A copy of Superintendent's action will be delivered to both the complainant and the individual accused of the harassing conduct.

The decision of the Superintendent shall be final.

## **CELLULAR TELEPHONES AND ELECTRONIC COMMUNICATION DEVICES**

The Code of Student Conduct allows for the possession of cellular telephones and electronic devices on the school campus; however, when the possession of a cellular phone or electronic device disrupts the educational process or interferes with safety-to-life issues for students being transported on a school bus, then it would be a violation of the Code of Student Conduct.

In order to ensure an orderly educational process, each school principal has the authority to establish rules concerning the use of cellular telephones and electronic devices during school hours and at school activities in accordance with the school's Code of Student Conduct. The principal may establish disciplinary actions in the Code of Student Conduct for violations concerning these rules.

Parents are asked to assist us by using the dress code as a guide to selecting student clothing and shoes. The Superintendent shall ensure that all members of the staff use the above regulations when dealing with students. In addition, this statement of due process rights is to be placed in all student handbooks in a manner that will facilitate understanding by students and their parents.

## **APPEAL PROCESS**

### **School Level Grievance**

A grievance is another name for a complaint. A student grievance exists when a student believes that he/she has been treated unfairly or has not been afforded due process. Students wishing to register a school level grievance must do so within 60 calendar days from the time that they became aware of the alleged infraction.

#### **Resolving a School Level Grievance:**

- Ask the teacher or person(s) who allegedly treated you unfairly to schedule a conference for the purpose of discussing your complaint.
- If the person charged with the alleged infraction does not resolve your complaint, arrange to talk with the department head, a guidance counselor, a student intervention specialist or some other person who may be able to assist you.
- If the above conferences have not resolved your complaint, talk with a school administrator such as an assistant principal or the principal.
- If necessary, contact the district administrator responsible for your school and request that he or she look into your complaint.
- Students should involve their parents or guardians in resolving school level grievance.
- Most student grievances can be resolved at the school level through informal conferences with teachers or other school personnel.
- If efforts to resolve your complaint on an informal level with school administrators and/or the district supervisor are unsuccessful, a grievance may be filed with the principal, who will provide a written decision to accept or reject the grievant's position, including an explanation detailing the reason(s) for his/her action.

## **ATTENDANCE REQUIREMENTS FOR EARNING CREDIT**

Each parent and legal guardian of a child within the compulsory attendance age is responsible for the child's school attendance as required by law [Florida Statute §1003.21]. All students are expected to attend school regularly and to be on time for classes in order to benefit from the instructional program and to develop habits of punctuality, self-discipline, and responsibility.

A student may be absent no more than 6 class periods to be awarded semester credit in a high school course. A student who has excessive absences as defined above **must** demonstrate proficiency of the content taught in the course. Students who otherwise would have received credit for a course based on the final semester average and have excessive absences must receive a passing grade on the semester exam in order to receive that credit. A student who has excessive absences and does not receive a passing grade on the semester exam will have the final course grade changed to "F" and will receive no credit for that course.

A "Denial of Credit Appeal" process shall be instituted at each school offering high school courses. The purpose of this process is to allow students who have been denied credit due to excessive absences an opportunity to provide evidence that some or all of the excessive absences should be considered "extraordinary." Absences due to extraordinary circumstances shall not be included in the denial of credit process. Extraordinary absences should NOT be confused with "excused (explained)" absences. Some examples of extraordinary absences include (but are not limited to):

- student illness requiring hospitalization or home confinement documented by a physician's note;
- death in the immediate family;
- extreme weather conditions.

The definition of an extraordinary absence shall be the responsibility of each individual school.

## **STUDENTS WITH DISABILITIES (504 STUDENTS)**

In the case of a student with excessive absences the Student Services Team should be convened to determine if the absences are caused in relation to the active *Section 504 Accommodation Plan*. If the multidisciplinary team determines that the absences are related to the 504 plan, the team should consider interventions and or changes to better accommodate and or facilitate the students learning. The revised 504 plan should address any additional strategies and/or interventions needed to support the student's academic achievement.

If the multidisciplinary team determines that the absences are not related to the 504 plan, the student is treated in the same manner as that for a general education student with regard for the state and federal statutes regarding students with an ADA /504 plan.

## **ESE STUDENTS**

In the case of an ESE student with excessive absences, an IEP team meeting **should** meet to determine whether or not the absences are related to the student's disability. If the IEP team determines that the excessive absences **are** related to the student's disability, the IEP team will determine a reasonable course of action or placement that will support the student's academic achievement.

If the IEP team determines that the student's excessive absences **are not** related to the student's disability, the student is treated in the same manner as that for a general education student, with regard for the state and federal statutes regarding ESE students.

## **HOSPITALIZED/HOMEBOUND SERVICES**

If a student is confined to home or hospital, but is able to participate in and benefit from an instructional program, the student may be eligible for a hospital/homebound program. A student is eligible for services if a licensed physician can certify:

- A. that the student is expected to be absent from school due to a physical or psychiatric condition for at least 15 consecutive school days due to a chronic condition for at least 15 school days which need not run consecutively;
- B. that the student is confined to home or hospital;
- C. that the student will be able to participate in and benefit from an instructional program.

## **ATTENDANCE POLICY**

Students have 48 hours to either bring in an excused note from their parents or a parent must call into the attendance office within the 48 hours. After the 48 hours, the absence automatically becomes unexcused if the school has not received notification.

Excused Absence means that a student is absent:

- (a) due to sickness of, or injury to, the student, attested to orally or in writing by the student's parent or guardian, or, in the event the absence is of three days or more, by a written statement of a licensed practicing physician, chiropractor, dentist, or other appropriate licensed health care or mental health professional;
- (b) due to religious instruction for the student or religious holidays of the student's own faith to be observed by the student, when the absence is requested in writing by a parent or guardian at least three school days in advance of the absence, as delineated in Rule 6A-1.09514, Florida Administrative Code.
- (c) due to a medical, chiropractic, dental, or other appointment with a licensed professional related to the physical or mental health of the student, when the appointment cannot be scheduled outside of school hours and when written documentation is provided by the parent or guardian prior to the scheduled appointment;
- (d) due to attendance at an Individualized Educational Program (IEP) meeting at which the student's educational program is the topic;
- (e) due to attendance in an administrative or judicial proceeding which involves the student as a witness or as the subject of the proceeding;

- (f) due to a death in the immediate family of the student and such absence does not exceed seven school days;
- (g) due to placement in The Florida Keys Children's Shelter and such placement transition period does not exceed three school days. (By the fourth day, Shelter personnel are required to enroll the student in the appropriate public school closest in geographic proximity to the Shelter).
- (h) with written permission of the principal or the principal's designee, for good cause shown, including insurmountable conditions as defined by rules of the state board of education in Rule 6A-1.09513, Florida Administrative Code.
- (i) due to participation in an approved special event. The student must receive advance written permission from the school principal or the principal's designee. (Examples of special events include public functions; conferences; and regional, state and national competitions).
- (j) due to having, or being suspected of having, a communicable disease or infestation which can be transmitted to other students or school staff. (Examples include, but are not limited to, fleas, head lice, ringworm, impetigo, and scabies).

An unexcused absence is any absence that does not fall into one of the above excused absence categories. Any unexcused absence will result in a grade penalty for work missed. Students receiving out-of-school suspension **must** be assigned schoolwork that will be graded. Students on out of school suspension will be permitted to make up nine-week and semester examinations. Projects, term papers, etc., which represent work for a period of time greater than the suspension period will be submitted for the purpose of determining a student's grade in accordance with each school's grading practices.

Should questions arise regarding this rule; principals will grant the parent(s)/guardian(s) a conference. Parent(s)/guardian(s) may appeal the principal's decision to the District if a conflict arises.

## **MAKE-UP WORK**

Students will be afforded an opportunity to make up missed work for excused absences. Students have two days for each day missed to make up class work upon return to school from an absence. After three consecutive absences, the teacher will determine due dates. If notice has been given of a test or due date for a paper, project, or assignment prior to an absence, the student is still responsible for the work on the date it is due. Absence will not extend the deadline. In the case of a test, the student will be expected to take the test as soon as he or she returns to school. The exception to this policy is the student assigned an out of school suspension.

## **OFF CAMPUS ACTIVITIES**

Students attending school sanctioned off campus activities will be permitted to make up work missed.

## **PROCEDURE FOR REPORTING TARDIES:**

Students who are tardy to school must be signed-in at the Main Office. For safety reasons elementary students must not be dropped off. An excused tardy exists when reasons acceptable to the principal or his or her designee are given.

## **AN EXCUSED SIGN-IN INCLUDES:**

- illness;
- medical or dental appointments (doctor's statement may be required);
- automobile accident;
- death or funeral;
- emergency situations acceptable to the principal or designee;
- required court appearance (subpoena required);
- established religion observance;
- severe weather;
- breakdown of school bus

**UNEXCUSED SIGN-INS INCLUDE THE FOLLOWING:**

- car problems (ex: flat tire, no gas, car won't start, student getting a parking decal);
- heavy traffic;
- overslept;
- returned for forgotten items or student obtaining an absentee admit;
- non-educational appointments.

Excessive tardies may result in revocation of choice hardship.

**SIGN-IN PROCEDURES:**

Any student arriving to school after the session has begun must report to Main Office or Office of Student Affairs. An admission slip shall be issued indicating an excused or unexcused tardy or absence.

**RELEASE OF STUDENTS:**

During school hours a principal or designee shall permit a child to leave school only in custody of one of the following adults:

- parents of the student with photo ID;
- person listed on emergency contact card, with photo ID;
- a law enforcement officer;
- an authorized worker from the Department of Children and Families.

At the end of the school day, students are released at a specified time and place and are expected to go directly home. Parents must notify the school office regarding any change in the student's normal transportation. Car riders should be picked up immediately in the school's designated area. Students riding buses are expected to unload from the bus at their designated stop. Students must enter and exit at their assigned bus stop; requests for changes will not be honored, with the exception of emergencies. Kindergarten students must be met at the bus stop by an adult or will be returned to the school.

**ADDITIONAL ELEMENTARY ATTENDANCE INFORMATION**

**SIGN-OUT PROCEDURES (PRE-APPROVED AND EMERGENCY):**

Once students arrive on campus, they may not leave without permission from an administrator or designee. In the event a student must leave early, the parent must make the request in person in the main office. A picture ID must be presented.

### **FLORIDA DRIVER'S LICENSE LAW FOR STUDENTS**

In 1997 the Florida Legislature began requiring schools to report to the Department of Highway Safety and Motor Vehicles the names, dates of birth, sex, and social security number of minors who accumulate 15 unexcused absences in a period of 90 calendar days, which is a "rolling" number, thus making the student ineligible for driving privileges. The legislation further provides that those minors who fail to satisfy attendance requirements shall be ineligible for driving privileges. If the minor does not have a license, he or she shall not be issued one upon application. The process of reinstatement is available in the office of the assistant principal for student affairs. Persons ages fourteen until their eighteenth birthday cannot get or keep their driver's privilege or license unless they are in school, have successfully completed school, earned their GED certificate, or have a hardship waiver. A student who has had their license suspended due to unexcused absences can apply for reinstatement once they have attended school for 30 consecutive days without an unexcused absence and have completed the necessary paperwork through the Office of Student Affairs. Reinstatement is delayed a day for each excused absence during that 30 day period. All first-time applicants for a Florida Driver's License must complete a traffic law and substance abuse course as described in Section Florida Statutes 322 .095. Students who were issued an operators or restricted driver's license before January 1, 1990, are exempt from this requirement. This course includes instruction on the physiological and psychological consequences of the abuse of alcohol and other drugs, the societal and economic costs of alcohol and drug abuse, the effects of alcohol and drug abuse on the driver of a motor vehicle, and the laws of Florida relating to the operation of a motor vehicle. A student may fulfill the course requirement by enrolling and completing a secondary driver education course or by enrolling and completing the course offered through a certified Driving Under the Influence (DUI) school. Upon successful completion of the Drug/Alcohol Traffic Safety Education (D.A.T.E) requirement, the student shall receive the necessary verification to present to the Department of Highway Safety and Motor Vehicles.

### **WITHDRAWALS FROM SCHOOL**

A student who wishes to withdraw from school must report to the appropriate office with a note from the enrolling parent and receive a clearance from that office. The withdrawal form must be signed by the

required staff. These signatures indicate that the student is clear with reference to textbooks, library books and any other school equipment that might have been in his or her possession.

If a student between the ages of 16 to 18 years of age withdraws and does not plan to re-enroll at another site, or plans on attending an adult school, the student **MUST** have a signed, completed exit interview on file with the school district. The Office of the student's home school will initiate the exit interview and guidance personnel will assist with the completion.

## **STUDENT WITHDRAWALS**

### **PRIOR TO THE LAST TWO WEEKS OF THE SEMESTER**

Students who leave school **prior** to the last 10 school days of any semester will not be granted credit unless they enroll in another school and complete the course requirements including examinations if applicable.

### **DURING THE LAST TWO WEEKS OF THE SEMESTER**

Students who leave school **during** the last two weeks (10 days) of any semester **must** show evidence that the withdrawal is mandatory, and the student **must** successfully complete any necessary examinations, as appropriate, in order to receive course credit. Principals are authorized to make arrangements for the administration of examinations.

Principals may waive the requirements for early withdrawal when unusual/extenuating circumstances preclude full compliance by the student. Approval is mandatory prior to the student's leaving school.

### **STUDENT WITHDRAWALS FOR ENROLLMENT IN HOME EDUCATION PROGRAM**

To withdraw a student for enrollment in a home education program, the custodial parent(s)/guardian(s) must initiate the withdrawal process at the school and notify the Superintendent of Schools/designee, **in writing**, of the intent to establish a home education program for the student and complete the appropriate documentation. The custodial parent/guardian shall submit the letter of intent to the Home Education Office within 30 days of the establishment of the home education program. Home education correspondence should be mailed to:

Monroe County School District  
Home Education Office  
Attn: Dr. Althea Allen  
241 Trumbo Road  
Key West, FL 33040

Following the acceptance into the home education program the parent or guardian is accepting the full responsibility for the following:

1. **Parent must notify the district** in writing of the intent to home school.
2. **Parent must maintain a portfolio** of records that consist of the following:
  - a. Log of educational activities
  - b. Writing samples, work sheets, workbooks, and or other creative materials

- c. The portfolio must be maintained by the parent and may be reviewed by the school district with appropriate notice
3. **Evaluation**, the parent must ensure annual evaluation by a certified instructor, state evaluation, or national evaluation instrument and report the results to the district coordinator
4. **Annual Review**, the district will review the evaluation results, if there are any concerns regarding the child's academic achievement. The district may place the parent on one year probation if the student fails to show adequate progress. Under probation, the parent must then remediate the child within the year or the district may require the student to enroll in an appropriate program (FS1002.41)

A student eighteen years of age or older who has interrupted his or her education and who subsequently desires to enter Monroe County School District shall physically enroll either in the adult day school or an adult evening school. The student may not enroll in a regular high school. In extenuating circumstances, a principal may recommend an exception to this policy to the COO.

## **PARENTAL-MARRIED STATUS OF STUDENTS**

No student, whether married or unmarried, who is otherwise eligible to attend school in the District shall be denied an educational program solely because of pregnancy, childbirth, pregnancy-related disabilities, or actual or potential parenthood.

These students and students who are parents shall receive the same educational instruction or its equivalent as other students, but may voluntarily be assigned to a class or program suited to their special needs. The District will provide information on alternative programs.

The School Board reserves the right to require as a prerequisite for attendance in the regular classes of the schools and the co-curricular and extra-curricular programs of the schools that each pregnant student present to the principal her physician's written statement that such activity will not be injurious to her health nor jeopardize her pregnancy.

Students participating in teenage parent programs are exempt from minimum attendance requirements for absences related to pregnancy or parenting but are required to make up work missed due to absence.

## **PATRIOTISM**

Students who have been granted written permission not to recite the pledge are not required to stand and may remain seated during the recitation period. District counsel should also review the written opinion to determine how the consent provision should be applied to students in different grade levels and to students with different maturity levels.

## **STUDENT RECORDS**

## **PUBLIC NOTICE**

Student Records maintained by Monroe County School District are updated and revised in accordance with the Family Educational Rights and Privacy Act (FERPA). The district is to inform eligible students or parents or guardians of their rights pertaining to access to student records and confidentiality of student information as described below:

Student Education Records are records maintained by the school and in some cases other locations which directly relates to a student. Education records are maintained in accordance with policies of the School Board of Monroe County and contain identifying data (student and parent name, address, birth date, sex, race), academic record, standardized test results, attendance records, and health data. The record may also contain family background information, verified reports of serious or recurrent behavior patterns, record of extracurricular participation and participation in special programs, psychological reports and anecdotal records of professional staff. The principal may maintain a separate disciplinary file for students involved in misconduct to include, but not limited to, description of misconduct, suspension notice(s), and record of disciplinary action(s) taken. These records are updated annually and information no longer pertinent is removed. Current student records are maintained at the school. Parents and eligible students over the age of 18 may inspect and review that list upon oral or written request.

**PARENTS, GUARDIANS OR ELIGIBLE STUDENTS HAVE THE RIGHT TO:**

- inspect, review and challenge the information contained in the records;
- appeal any disagreement of records to the school principal.

**STUDENTS HAVE THE RIGHT TO:**

- be protected by legal provisions prohibiting the release of personal information to other than legally authorized persons without the consent of the parent, guardian or student.

**PARENTS, GUARDIANS OR ELIGIBLE STUDENTS HAVE THE RESPONSIBILITY TO:**

- provide the school with any information that could be useful in making appropriate educational decisions;
- authorize release of information of those individuals or agencies who are working for the benefit of the student;
- follow school board policies for release of student information through the school;
- make an appointment with the school when they wish to review a record.

**ACCESS TO STUDENT RECORDS**

The following persons can access a student's records: parent, eligible students over the age of 18, school officials, and a party with the written permission of the parent or eligible student, certain state and local officials who are part of the juvenile justice system, federal grand jury or other law enforcement agency issuing a subpoena directing information to a particular party. In addition, a court may order nondisclosure of a subpoena or information provided in response to a subpoena. In cases of separation or divorce, both natural parents have access to their child's educational records. If a court order restricts this access to records, the residential parent shall provide the school with a certified copy of the order, including any modifications, which will then be placed within the student's cumulative file.

A release of information without parent or student (over the age of 18) consent can be made to school officials with a legitimate educational interest. A school official is considered to have a legitimate educational interest if the official needs to review a student record in order to fulfill his or her professional responsibility. A school official is a person employed by the district, such as an administrator, supervisor,

teacher or support staff (including health and medical staff and law enforcement personnel); a person serving on the School Board; a person or company with whom the district has contracted to perform a certain task (such as an attorney, auditor, medical consultant, or therapist); or a parent or student on an official committee, such as disciplinary or grievance committee; or another school official performing his or her professional responsibility.

## **WHAT ARE THE RIGHTS OF A PARENT?**

Parents or eligible students over the age of 18 have the right to:

- request in writing to inspect and review all education records. The request will be granted within a reasonable period of time, not to exceed thirty days. This inspection and review of records shall be held in the presence of an official of the school system.
- a response to reasonable requests for explanations and interpretations of the records.
- obtain copies of the education records of a student. The schedule of fees for copies is on file with each principal. No fee for copying may be charged to any parent if it would effectively prevent that parent from exercising his or her right to inspect and review the records.
- request in writing an informal conference with the principal for the purpose of amending any record believed to contain information that is inaccurate, misleading or violating the privacy or the rights of the student.

The principal shall decide whether to amend the education records within a reasonable period of time. If the principal refuses to amend the records, he or she shall inform the parent or eligible student of that refusal, and advise the parent or eligible student of the right to file a grievance. Parents or eligible students have the right to file a complaint with the U.S. Department of Education concerning an alleged failure by the district to comply with the requirements of FERPA. Whatever rights are vested in the parent shall pass to the student whenever the student has attained 18 years of age or is attending an institution of post secondary education. Parents may have access to their dependent children's records regardless of age and may have the right of signing for the release of dependent children's records.

## **TRANSCRIPTS**

- All requests for high school transcripts are to be in writing, signed by the parent/guardian or the student who is 18 years of age or older, and requested from the school registrar.
- Transcripts for scholarships and the student's final transcript will be furnished free of charge. The fee for all other transcripts will be \$5.00, payable at the time of request.
- The Registrar will record all monies received for transcripts on the "Monies Collected" form.
- Registrars will maintain an on-going log noting the name of the party requesting the transcript (parent or eligible student), the date of the request, the fee and the date on which the transcript was mailed or sent electronically.

### **STUDENTS HAVE THE RIGHT TO:**

- return the books to the distributing teacher upon completion of the school year or upon withdrawal from school;
- complete all assignments even if the textbook is lost;
- pay the full purchase price for lost, destroyed, or unnecessarily-damaged textbooks. If the book is found and returned, the bookkeeper shall make a refund to the student.
- Dual Enrollment and Early Admissions program students are responsible for replacing lost or stolen textbooks.

## **STUDENT FEES, FINES, AND CHARGES**

The School Board will provide the necessary textbooks and/or electronic textbooks required by the course of study free of charge for its students. The Board may need to levy certain charges to students to facilitate the utilization of other appropriate materials for curricular as well as co-curricular and extra-curricular, noncredit activities. Such charges would be made on expendable items such as magazines, workbook materials, paperback selections, and laboratory supplies, and materials, for clubs, independent study or special projects, and District-sponsored trips.

### **FEES**

For the purposes of this policy, "school fees" or "fees" mean any monetary charge collected by the District from a student or the parent(s) or guardian of a student as a prerequisite for the student's participation in any curricular or extra-curricular program of the District.

A charge shall not exceed the combined cost of the outside service provided or material used, freight and/or handling charges. Money received from resale of such material, if any, shall be remitted to the School Business Office with an accurate accounting of all transactions.

### **FINES**

When school property, equipment, or supplies are damaged, lost, or taken by a student, a fine will be assessed. The fine will be reasonable, seeking only to compensate the school for the expense or loss incurred.

The late return of borrowed books or materials from the school libraries will be subject to appropriate fines.

## **CARE OF SCHOOL PROPERTY**

The Board charges each student with responsibility for the proper care of school property and the school supplies and equipment entrusted to his/her use.

Students who cause damage to school property shall be subject to disciplinary measures, and their parents shall be financially liable for such damage to the extent of the law except that students 18 years of age or older shall also be liable for damage they cause.

## **SCHOOL VISITORS**

Visitors to the campus must sign-in with the receptionist in the office. Photo identification is required. Any individual considered a non-student must obtain administrative clearance prior to entering the building. The classroom teacher will be given advanced notice for parent classroom visits. A pass will be issued to those persons who have legitimate business with the school. Persons without a pass are subject to trespass violation and possible arrest. Students who are enrolled in any Monroe County Public School may not visit any other school without the permission of the administrative personnel at the visiting school. Any student found in violation of this policy will be subject to school disciplinary action. Visitors must receive approval from the principal in advance to observe in a classroom. Teachers cannot stop classroom activities to hold a parent conference. Students cannot arrange for their friends or relatives from other schools to visit the school at any time. Any individual found on the campus without clearance from a member of the administrative staff may be arrested for trespassing.

## **TRESPASSERS**

### **ANY PERSON WILL BE CONSIDERED TRESPASSING WHO:**

- does not have legitimate business on the campus or any other authorization, license, or invitation to enter or remain upon school property;
- is a student currently under suspension or expulsion; and who enters or remains upon the campus or any other Monroe County Public School facility commits trespassing upon the grounds of a school facility and is guilty of a misdemeanor of the second degree;
- enters or remains on the campus or other Monroe County Public School facility after the principal of the school, or his/her designee, has directed the person to leave the campus or facility or not to enter the campus or facility, commits trespassing on the grounds of a school facility and is guilty of a misdemeanor of the first degree.

The site administrator of a school, or any employee designated by the site administrator to maintain order on the campus or facility, who has probable cause to believe that a person is trespassing on school grounds in violation of this section may take the person into custody and detain him/her in a reasonable manner for a reasonable length of time pending arrival of a law enforcement officer. Taking into custody and detention by an authorized person does not render that person criminally or civilly liable for false arrest, false imprisonment, or unlawful detention. If a trespasser is taken into custody, a law enforcement officer will be called to the scene immediately after the person is taken into custody. In addition, any law enforcement officer may arrest either on or off the premises and without warrant any person the officer has probable cause for believing has committed the offense of trespassing upon the grounds of a school facility. Such arrest will not render the law enforcement officer criminally or civilly liable for false arrest, false imprisonment, or unlawful detention.

## **EXTRA CURRICULAR PROGRAM**

### **STUDENT ACTIVITIES**

An interscholastic extra-curricular activity shall be defined as a planned secondary school-sponsored competitive activity which exists or is performed between students representing schools, school districts, regions, or the State. The extra-curricular program shall be considered an essential part of the total school program and shall be under the principal's direction and general supervision. The principal shall select the personnel to direct and to act as advisors for the various extra-curricular activities. Care shall be exercised to limit the load assigned to any one teacher.

The principal shall be responsible for determining each participant's eligibility in interscholastic extra-curricular activities pursuant to the bylaws of the Florida High School Athletic Association, Inc (FHSA). Any school that allows an ineligible student to participate shall be subject to the penalties set forth by the Bylaws of the FHSA.

All extra-curricular activities shall be self-supporting when possible. Students shall not be excluded from participating in activities for lack of money for dues, materials, or uniforms. However, this does not apply to charging admission for students who are spectators of extra-curricular activities. Funds derived from extra-curricular activities shall be processed according to the District's accounting procedures. Participants in extra-curricular activities may be subject to drug testing as described in School Board policy and procedures.

#### **STUDENTS HAVE THE RIGHT TO:**

- participate regularly in their respective organizations and to conduct themselves in an appropriate manner and to operate according to board rules and school regulations;
- select extracurricular activities that do not interfere with their academic programs.

#### **SUSPENSION FROM PARTICIPATION IN EVENTS**

Students found to be in violation of Offenses or major offenses as defined in the Code of Student Conduct may be suspended from participation in extra-curricular activities for a period of time which in the opinion of the principal is justified. Students who are arrested or charged for off campus matters, which would have been a zero tolerance offense or a major offense had it occurred on campus, may lose their privilege to participate in extracurricular activities. Students suspended from participation in any activity will not be permitted to participate in any event related activities, dress out for the event, practice with the group, or travel to the event with the team or group. An event is defined as a game, activity, or contest.

Florida Statute mandates each District, Charter and Private School Authority establish and publish eligibility standards for extracurricular activities and “good cause authority” in reference to policy governing transfer students in its Code of Student Conduct. Please reference s. 1006.195 and s. 1006.15(3)(h).

The following includes a list of examples, such as, but not limited to, which may be considered for inclusion as eligibility standards to participate in extracurricular interscholastic or intrascholastic activities:  School attendance policy that may prevent a student from participating  Alcohol/drug related behavior  2.0 GPA Required for Academic Eligibility. A middle/junior high student must have 2.0 GPA, or the equivalent of a 2.0 GPA based on a 4.0 scale, at the conclusion of each semester. A high school student must have a cumulative 2.0 grade point average on a 4.0 unweighted scale, or its equivalent, at the conclusion of each semester to be academically eligible during the next semester (s. 1006.15(3)(a)1, Florida Statutes). Final grades previously earned by the student from another school shall not be converted using the scale in Bylaw 9.4.2. A district may require more stringent academic requirements (i.e. no F’s)  School/classroom discipline issues  Social Media issues  Bullying  Sportsmanship  Dress Code Policy  Four Year Limit of Eligibility  Age Limit – 19 years 9 months (seniors) or 19 years on or after September 1 (all others)  Physical Evaluation (EL2) and Consent and Release from Liability Certificate (EL3)  Any other district policy which would remove or prevent a student from participating in extracurricular activities

One of the exceptions for a student who transfers schools and wishes to continue participating in the same sport at the new school is “authorized for good cause” published in district, charter, or private school policy. The following includes a list of examples, such as, but not limited to, which may be considered for “good cause authority”:  Move to a new residence – the student moves to a new home address due to a move by the student and a person or person(s) with whom he/she has been previously living that makes it necessary for the student to attend a different school.  Move to a new residence following the marriage of the student. The student immediately establishes a new residence that makes it necessary to attend a different school.  Reassignment by District School Board or Charter School Board  Transfer of school within the first twenty days – i.e. acceptance into a previously applied for magnet program, charter or private school  Special Assignment by the Superintendent, School Choice Office, etc.  Undue Hardship

1006.195 District School Board, Charter School Authority and Responsibility to Establish Student Eligibility Regarding Participation in Interscholastic and Intrascholastic Extracurricular Activities.

Notwithstanding any provision to the contrary in ss. 1006.15, 1006.18, and 1006.20, regarding student eligibility to participate in interscholastic and intrascholastic extracurricular activities: (1)(a) A district school board must establish, through its code of student conduct, student eligibility standards and related student disciplinary actions regarding student participation in interscholastic and intrascholastic extracurricular activities. The code of student conduct must provide that: 1. A student not currently suspended from interscholastic or intrascholastic extracurricular activities, or suspended or expelled from school, pursuant to a district school board’s suspension or expulsion powers provided in law, including ss. 1006.07, 1006.08, and 1006.09, is eligible to participate in interscholastic and intrascholastic extracurricular activities. 2. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets the criteria in s. 1006.15(3)(h). 3. A student’s eligibility to participate in any interscholastic or intrascholastic extracurricular activity may not be affected by any alleged recruiting violation until final disposition of the allegation pursuant to s. 1006.20(2)(b). (b) Students who participate in interscholastic and intrascholastic extracurricular activities for, but are not enrolled in, a public school pursuant to s. 1006.15(3)(c)-(e) and (8), are subject to the district school board’s code of student conduct for the limited purpose of establishing and maintaining the student’s eligibility to participate at the school. (c) The provisions of this subsection apply to interscholastic and intrascholastic extracurricular activities conducted by charter schools and private schools, as applicable, except that the charter school governing board, or equivalent private school authority, is responsible for the authority and responsibility otherwise provided to district school boards. (2)(a) The Florida High School Athletic Association (FHSAA) continues to retain jurisdiction over the following provisions in s. 1006.20, which may not be implemented in a manner contrary to this section: membership in the FHSAA; recruiting prohibitions and violations; student medical evaluations; investigations; and sanctions for coaches; school eligibility and forfeiture of contests; student concussions or head injuries; the sports medical advisory committee; and the general operational provisions of the FHSAA.

1006.15 Student standards for participation in interscholastic and intrascholastic extracurricular student activities; regulation.— 1006.15(3)(h) (h)1. A school district or charter school may not delay eligibility or otherwise prevent a student participating in controlled open enrollment, or a choice program, from being immediately eligible to participate in interscholastic and intrascholastic extracurricular activities. 2. A student may not participate in a sport if the student participated in that same sport at another school during that school year, unless the student meets one of the following criteria: a. Dependent children of active duty military personnel whose move resulted from military orders. b. Children who have been relocated due to a foster care placement in a different school zone. c. Children who move due to a court-ordered change in custody due to separation or divorce, or the serious illness or death of a custodial parent. d. Authorized for good cause in district or charter school policy.

## **STUDENT HAZING**

Hazing activities of any type are inconsistent with and disruptive to the educational process, and prohibited at any time in school facilities, on school property, and/or off school property if the misconduct is connected to activities or incidents that have occurred on school property. No administrator, faculty member, or other School Board employee shall encourage, permit, authorize, condone, or tolerate any hazing activities. No student shall plan, encourage, or engage in any hazing.

Hazing is defined as performing any act or coercing another, including the victim, to perform any act that causes or creates a substantial risk of causing mental or physical harm. "Hazing" includes, but is not limited to, pressuring or coercing the student into violating State or Federal law, any brutality of a physical nature, such as whipping, beating, branding, exposure to the elements, forced consumption of any food, liquor, drug, or other substance, or other forced physical activity that could adversely affect the physical health or safety of the student, and also includes any activity that would subject the student to extreme mental stress, such as sleep deprivation, forced exclusion from social contact, forced conduct that could result in extreme embarrassment, or other forced activity that could adversely affect the mental health or dignity of the student. Hazing does not include customary athletic events or other similar contests or competitions or any activity or conduct that furthers a legal and legitimate objective. Permission, consent, or assumption of risk by an individual subjected to hazing shall not lessen the prohibitions contained in this policy.

#### **ACTIVITY PROGRAMS GRADES 6-12**

A co-curricular program of athletics, student councils, clubs and other activities is provided for the benefit of the students. Students are urged to participate in these activities as long as participation does not interfere with their academic program. A student absent from class or school for "official school business" (such as band contest, athletic event, approved field trip) shall be counted as being school related by each teacher in each class period missed and shall be required to make up the class work. Information regarding these activities is available upon request. To be academically eligible each semester, a student must maintain a minimum cumulative grade point average of 2.0 on an unweighted 4.0 scale in all courses. A cumulative grade point average is a grade point average computed using all courses taken by the student, not just those courses taken in the previous semester. A student first entering the ninth grade must have been regularly promoted (not administratively placed) from the eighth grade. All student-athletes, including cheerleaders and JROTC, shall be required to purchase athletic insurance and complete the appropriate forms before they will be able to practice and participate in any athletic program under the Department of Athletics.

#### **BUS/TRANSPORTATION AND SAFETY**

##### **GENERAL:**

When transporting students to and from school, ensuring your child's safety is our number one priority. Our bus drivers have increasingly expressed concerns about the enforcement of transportation rules. Consistent enforcement of rules for student behavior is required to provide the safest conditions.

To protect our children, only students and adults who are authorized may ride a school bus. The Transportation Department will operate under an assignment method of operations. Students will be assigned to bus stops and may not use another bus stop or ride another run.

Transportation to and/or from (for-profit) private daycare services is not provided.

Students who are eligible for pupil transportation services will no longer be authorized to ride another bus, either to or from school, to a friend's home or any other type of situation. (Requests due to a family hardship or emergency situations will be handled by the school and authorized by the Transportation Department).

Pre-K and Kindergarten children will not be allowed to exit a bus at a designated stop without an older sibling, parent or designee at the bus stop. Parents may access their children only at their designated bus stop unless the principal or designee grants prior written approval.

**STUDENTS HAVE THE RIGHT TO:**

- school bus transportation if they live two miles or more from school;
- transportation that may be provided for students residing less than two miles from school if they have a handicapping condition or if a hazardous walking condition exists.

**STUDENTS HAVE THE RESPONSIBILITY TO:**

- stand off the roadway while at bus stops;
- wait for the bus driver to signal them across the roadway;
- walk 10-12 feet in front of the bus while attempting to board the bus;
- keep valuables at home as the school district nor the bus driver cannot be held responsible for personal property brought on school buses;
- follow safety procedures and wear seatbelts when available;
- ride only the designated bus, and only enter and exit the bus safely at designated stop, unless the school principal or designee grants prior written approval;
- not carry onto the bus any glass items, animals, balloons, weapons or sharp instruments. Personal belongings must be held on a student's lap;
- remain seated in seat assigned to them by the driver;
- sit all the way down and back, facing forward, with arms and head inside the bus at all times;
- keep aisles clear;
- obey rules and be courteous;
- refrain from using profanity, causing disruption, fighting, destroying property, or being willfully disobedient;
- be silent at all railroad crossings and when requested by driver;
- not throw objects on the bus or out the windows;
- not eat, drink or smoke on the bus.
- use the bus stop assigned based on the address of record.

**PARENTS HAVE THE RESPONSIBILITY TO:**

- ensure the student is at the bus stop and ready to board the bus at least ten minutes prior to the scheduled bus arrival time;
- wait for a bus that may be late due to traffic and other conditions;
- walk with their children to and from bus stops;
- their children's safety, well-being and conduct on the way to and from the bus stops and while at bus stops;
- ensure that their students walk on the shoulder of the road (on sidewalks, where available) away from traffic and facing the traffic;
- ensure the conduct of their children is appropriate while riding the bus;
- cooperate with school personnel regarding the effective and safe transport of their children;
- contact the school or the Transportation Department when they observe unsafe conditions;

**BUS DRIVERS HAVE THE RESPONSIBILITY TO:**

- transport students to and from school safely to the best of their ability;
- assign seats to riders;
- fairly and consistently enforce transportation discipline;
- communicate bus issues to school administration.

**BUS/TRANSPORTATION OF STUDENTS WITH SPECIAL NEEDS**

If the IEP team determines a student has special transportation needs, he or she may be assigned to a bus with specialized equipment and personnel. Transportation is arranged through the Transportation Department. Procedures for special needs students are similar to those of regular education students but with the exception of modifications.

**TRANSPORTATION SAFETY**

**PARENTS HAVE THE RESPONSIBILITY TO:**

- obey all traffic signs on and around school grounds;
- not block driveways, streets or bus loading zones;
